Kumagaya Taking out the trash

Please help us in reducing waste and properly separating and disposing of it.

Rules for putting out garbage

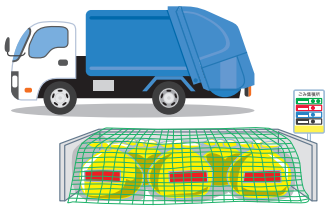

By 8:30 AM

○ Put them out at the designated time and date

Please sort garbage and recyclables using the prescribed method when disposing of them.
Put them out by 8:30 AM on the day for your area.

○ Where to put garbage

Put it in the designated collection site for your area.
Put it under the crow net or in the container.
Garbage put out after collection cannot be picked up.

To the designated garbage collection site.

○ Bags used for each type of garbage

Burnable garbage

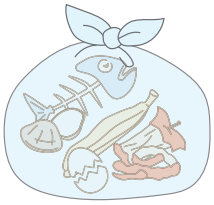

Put it in a transparent or translucent bag.

Non-burnable garbage

Put it in a transparent bag.

Remove air from bags and close them securely.

Transparent garbage bag

Translucent garbage bag

Treat the collection sites with respect

Collection sites are managed and maintained with the help of local residents.
In order to keep the collection sites clean, please follow etiquette such as properly separating and disposing of garbage and do not put out garbage on non-collection days.
Please note that garbage from businesses cannot be disposed of at collection sites.

(C) 熊谷市

Garbage days

Please see the “List of Collection Dates by Address” at the end of this book.

Garbage and recyclables collected at collection sites

Burnable garbage

Twice a week

Eastern Route Every Monday & Thursday

Western Route Every Tuesday & Friday

Recyclables (paper)

Once a week on the day marked with an ○

Oversized garbage and appliances

Once a week on the day marked with an ○

Non-burnable garbage

Wednesday

(the type of garbage collected changes each week)

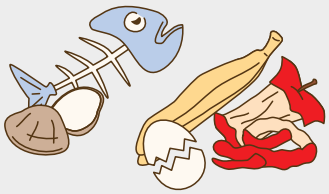

Cans → Non-burnable garbage → Plastic bottles → Bottles → Cans

Burnable garbage

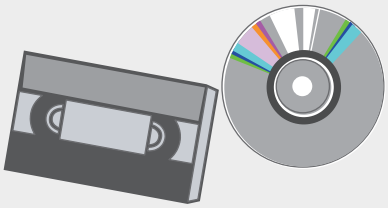

Place in a transparent or translucent bag
(excluding large items)

Main items

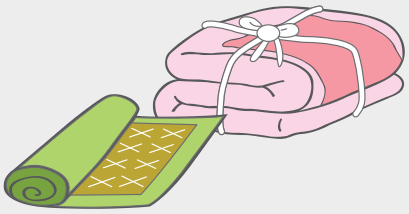

Food waste

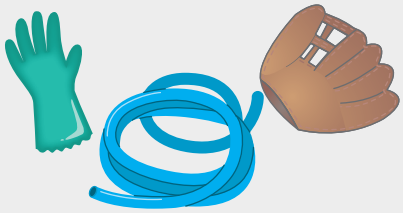

CDs and videotapes

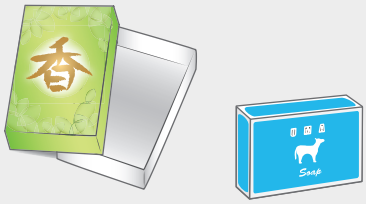

Futons and carpets

Leather or rubber products

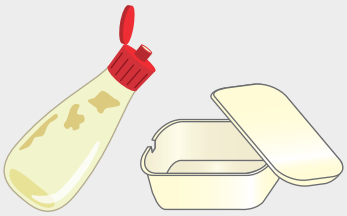

Soiled or scented paper or boxes

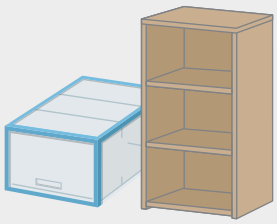

Disposable hand warmers, ice packs, disposable diapers

Bags, trays, and tubes that contacted food

Wooden or plastic furniture and miscellaneous items

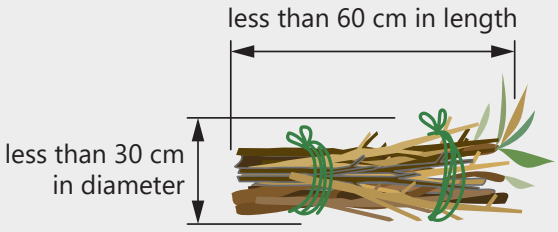

(C) 熊谷市

Notes

- Drain liquids from food waste before putting it out.
- Remove air from bags and close them securely.
- Disassemble large wooden furniture as best as you can. If you cannot carry it to the collection site, use a “Paid Collection Request”.
- Fold futons and carpets and tie them with string. Remove controllers and cords from heated carpets and put them out with non-burnable garbage.
- Place waste securely beneath nets or in containers at collection sites so that crows or other animals can’t reach it.

Tree branches

Cut to less than 60 cm in length and tie in a bundle under 30 cm in diameter, and take out 2 or 3 bundles at a time.

* Tree trunks greater then 15 cm in diameter cannot be collected or processed.
* Please refrain from putting out large amounts of garbage at one time.

Recyclables (paper)

Tie together with a string

Main items

Newspapers and flyers

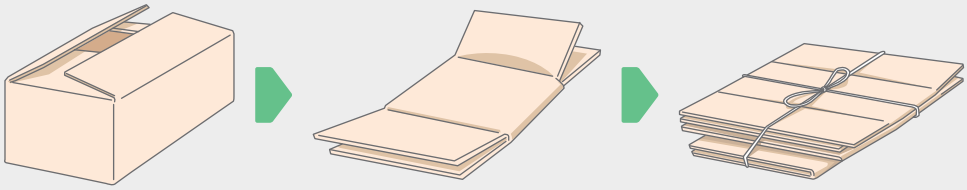

Tie them in a bundle or put them in a paper bag from a newspaper stand.

Books

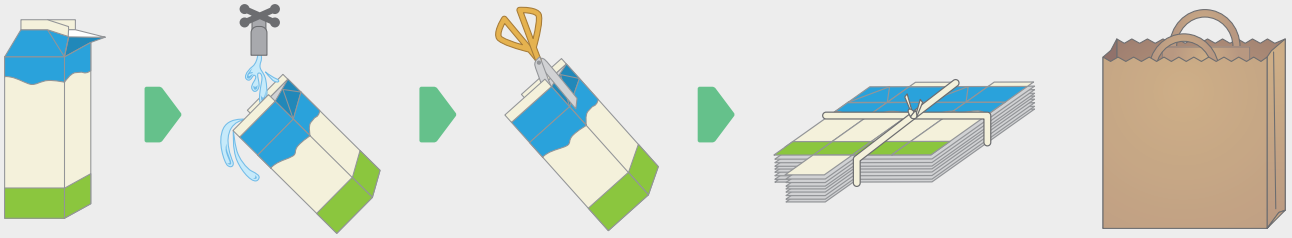

Magazines, comic books, books, and paperbacks

Cardboard (Cardboard boxes and cardboard packing)

Break down and tie together with a string.

Paper packaging from drinks (Milk and juice cartons)

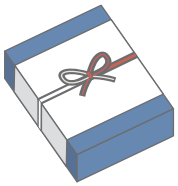

Rinse, break apart, let dry, and then tie with a string or put in a paper bag before putting them out.

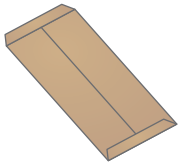

Sake and soy milk packs with aluminum insides should be put out on burnable garbage days.

Paper containers and packaging (miscellaneous)

Packaging for candy

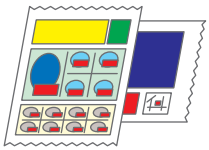

Envelopes

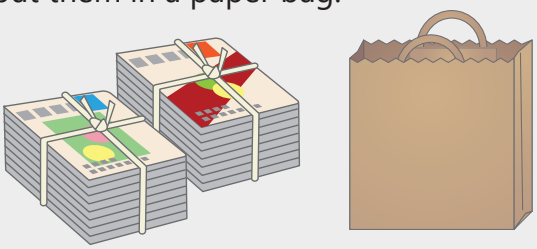

Cores from toilet and wrapping paper

Catalogs, pamphlets, and flyers

Tie together with a string or put them in a paper bag.

Notepads, calendars, wrapping paper, post-cards, shoe boxes, tissue paper boxes, posters, etc. are all considered miscellaneous paper.

Please remove the plastic portion of tissue boxes, envelopes, etc.

Oversized garbage and appliances

You don't need to put them in a plastic bag

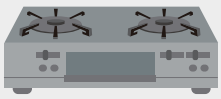

Main items

Large non-burnable items and some appliances

Fans

Gas stoves

Vacuum cleaners

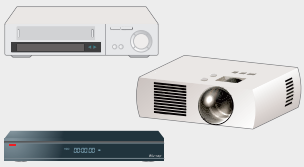

Rice cookers

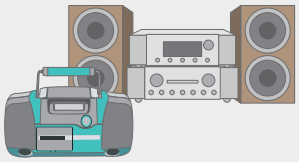

Massage chairs

VCRs, projectors, DVD and Blu-ray players

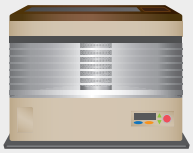

Small stereo systems and Radio cassette players

Microwaves (Electric ovens)

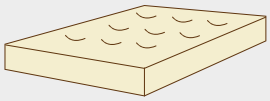

Kerosene stoves and Portable heaters

Bicycles *

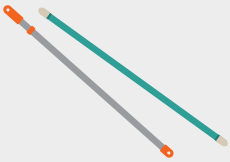

Mattresses

Skis and snowboards

Clothesline poles

* Please attach a piece of paper that says "discard" or "garbage" to your bicycle.

Please contact us with any questions.

Paid Collection Requests

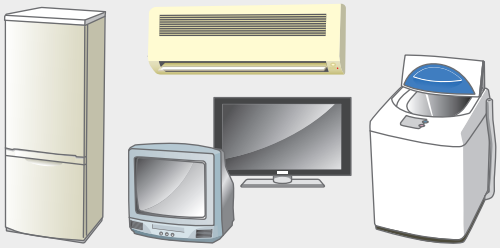

If you want to throw away large furniture or oversized garbage but cannot carry it to or leave it at the collection site, we accept "Paid Collection Requests" where we pick it up at your residence.

Request a pickup by calling

Kumagaya Environment Beautification Center (TEL 048-524-7121)

- We cannot enter residences, so please leave them outside your door.
- For apartments, we can only pickup items that can fit in stairways and elevators.
- Up to 5 items can be collected once.
- You must be present during collection.
- The cost is 520 yen per cubic meter.

Items subject to the Home Appliance Recycling Law

We do not collect TVs (CRT / LCD / Plasma), air conditioners, refrigerators, freezers, washing machines, and dryers. They cannot be put out at collection sites.

They can disposed of by either coordinating with the store you purchased it from or the store where you plan to purchase a replacement, or by paying the fee with a post office transfer and then bringing it directly to a pick-up location.

Contact : **Appliance Recycling Ticket Center** (9:00-18: 00, Closed on Sundays and public holidays)

TEL : 0120-319640, 03-5249-3455 Website : https://www.rkc.aeha.or.jp/

Non-burnable garbage

Separate and put in a transparent bag

Main items

Food and drink cans

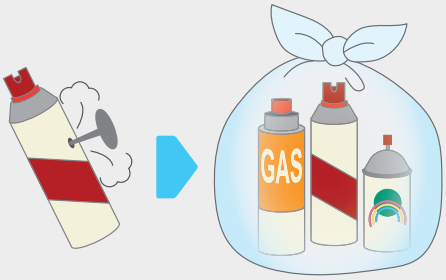

Food and drink bottles

Disposable lighters *1

Spray cans, Gas cartridges *2

Plastic bottles (Bottles with a PET mark)

Non-burnable garbage (ceramics, cosmetic bottles, frypans, etc.)

*1 Remove all gas from disposable lighters, place them in a transparent bag separate from cans, and put them out on the collection day for cans.

*2 Empty the contents of spray cans and gas cartridges, then puncture all containers, place them in a transparent bag separate from bottles, and put them out on the collection day for bottles.

More examples of non-burnable garbage

Glasses, cups, vases, flower pots, metal hangers, pots, kettles, scissors, cans and bottles not used for food and drink, light bulbs (other than fluorescent and mercury lamps)

Notes

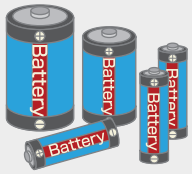

- Remove air from bags and close them securely.
- Please wash the inside of cans, glass, and plastic bottles.
- Remove the caps from glass and plastic bottles, and put plastic bottles with burnable garbage and metal bottles with non-burnable garbage.
- Never dispose of disposable lighters, spray cans, or gas cartridges with other garbage.
- Wrap the blade of sharp items like kitchen knives, knives, box knives, razors, etc., with tape or newspaper and place them in a transparent bag.
- Wrap broken glasses or cups in multiple layers to prevent tearing the plastic bag.

Hazardous waste

Collected at certain locations as needed
(See page 8 for locations of drop-off centers)

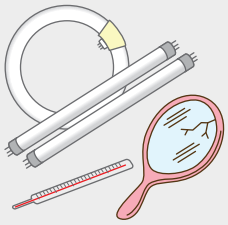

Do not put in bags

Batteries

Put them in collection containers inside city hall, administrative centers, community centers, etc., or collection containers located inside appliance stores.

Thermometers and blood-pressure monitors that use fluorescent tubes, mirrors, or mercury

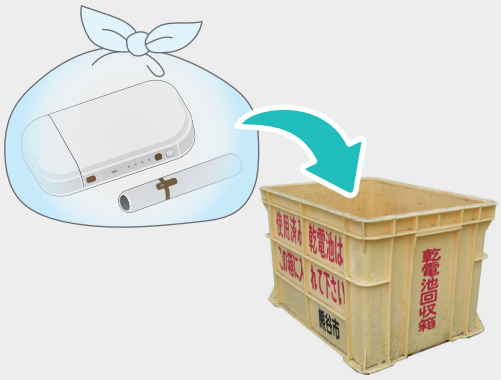

Put them in collection containers located inside city hall, administrative centers, community centers, etc.

Incandescent bulbs, LED bulbs, and electronic thermometers are non-burnable garbage.

Put in a bag

Heat-not-burn tobacco and electronic cigarettes with built-in lithium-ion batteries

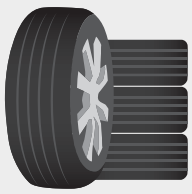

Put them in collection containers located inside city hall, administrative centers, community centers, etc.

Garbage that cannot be put out at collection sites

Main items

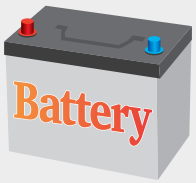

Tires

Fire extinguishers

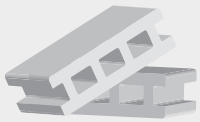

Batteries

Pianos

Concrete blocks

Rocks, dirt, and sand

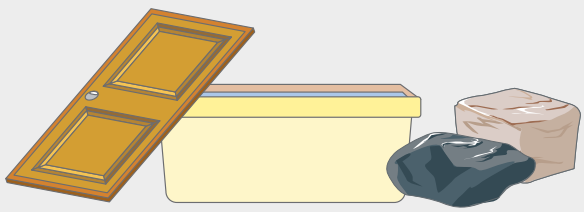

Hazardous waste (pesticides, etc.)

Pesticides and herbicides

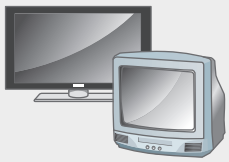

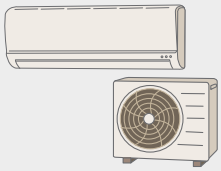

Household construction waste

Door, bathtub, built-in kitchens, Brick, concrete foundation, etc.

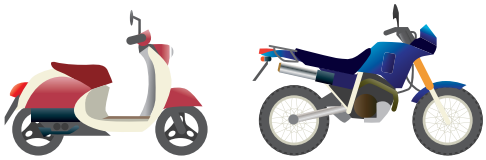

Garbage that cannot be put out at collection sites

Items subject to the Home Appliance Recycling Law

TVs	Air conditioners	Refrigerators and Freezers	Washing machines	Dryers
				

These items cannot be put out at collection sites and are not accepted at landfills. Contact the store you purchased it from or the store where you plan to purchase a replacement.

Motorcycles (including mopeds)

Motorcycle Recycling Hotline

TEL : 050-3000-0727
Website : https://www.jarc.or.jp/motorcycle/

Please contact the number above.

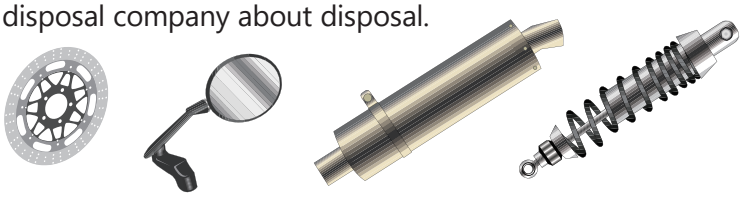

Commercial garbage (waste from offices, restaurants, shops, factories, etc.)

Ask a waste collection company about commercial garbage.

Auto parts (tires, mufflers, mirrors, steering wheels, suspensions, etc.)

Contact a dealership or waste disposal company about disposal.

Computers, etc.

Computers	Monitors
	

Please visit **the ReNet Japan website (https://www.renet.jp/)** to schedule a pickup.

A courier will come to collect it at the date and time of your choosing.
The first box containing a computer is free when collected from your residence.
Cables, monitors, mice, keyboards, computer parts, boards, and other components can also be collected if they are placed inside the same box as the computer.

Location of hazardous waste collection containers
(batteries, fluorescent tubes, mirrors, thermometers)

Rechargeable batteries and button-type batteries are not accepted.
Please use the collection containers inside stores, etc.
